Rita,

Thanks so much for your email. We would be honored to have images of your grandmother's five WWII veteran sons and any associated documents on Our Military Heritage website. What a terrific commitment those five made to their country and our freedom.

If you already have the photographs and documents scanned, making copies on a DVD or USB drive for us would be just fine. However, please know that we would be happy to do the scanning if you would loan the photos and documents to us. We would put those items at the front of our scanning queue, handle your originals with care, and contact you directly when the scanning is done. We would also provide you with a digital copy of all your items.

I don't know if you live close enough to drop the items off in person. If you're contemplating shipping the items to us, please send them UPS to my attention.

Please let me know if I can answer any questions or be of further assistance.

Best regards.

Curt
